

Registered Nurse (RN) for Home Health Care - Part-Time

Shamrock Home Care–Fairfield, CT

Job Description

Registered Nurse (RN) for Home Health Care - Part-Time

Company Information:

Shamrock Home Care is a family owned business that started back in 1990 and is serving Southern Fairfield County Communities. Our rapid growth and success are due to the professional way we manage the business and the exemplary service we give to patients and to the health community.

Position Overview:

- Shamrock Home Care is seeking a Registered Nurse for a Home Health position doing visits to patient's homes. The company is a friendly, well-established, and privately-owned home health agency. No home care experience necessary, however all Registered Nurses must have at least two years experience in hospital, Skilled Nursing Facility OR home health. The home care Registered Nurse (RN) will enjoy lots of flexibility being in the home health setting.

Requirements:

- Must be an RN who is licensed in the state.
- Must have at least two years experience in the hospital, skilled nursing or home care setting.
- Please submit resume and interview availability.

Duties and Responsibilities:

- Assesses patient and family to determine home care needs at regular established intervals
- Initiates plan of care and makes necessary changes as patient's needs evolve
- Evaluates and provides treatment to patients in their homes
- Instructing and advising patients and/or their families in their care
- Administers medications and treatments as prescribed by physician
- Completes and submits related paperwork and Patient notes neatly, and on time.
- Identifies discharge planning needs as part of care development and implements prior to patient discharge

Job Type: Part-time

Job Location:

- Fairfield, CT

Required experience:

- at least two years experience in hospital, Skilled Nursing Facility OR home health.: 2 years

Required license or certification:

- Registered Nurse License in the State of Connecticut
